

# IGNITE ROBOTICS

**EMPOWERING  
FUTURE STEM LEADERS  
ONE ROBOT  
AT A TIME**

**2023-2024**

# ABOUT IGNITE

Ignite Robotics is a 501(c)(3) nonprofit organization dedicated to furthering STEM education for future technology leaders.

We operate a 6000+ sqft makerspace in Bellevue where students can design, build, and test their robots with professional tools and peer mentorship at their disposal. Our students compete in the VEX Robotics Competition.

We operate two programs: Exothermic and Blaze Robotics at the High School and Middle School levels respectively. With a strong 18+ year history of peer mentorship and alumni connections, we take amateur engineers and turn them into World Champions

# CORE VALUES

## 4 FLAMES OF IGNITE

### COMMUNITY

18+ year history

### INITIATIVE

Organized GirlPowered Events

### CREATIVITY

Innovative Robot Designs

### LEADERSHIP

100% Student-Oriented and Lead

# OUR GOALS

## Inclusivity

We aim to lower Ignite's operating costs. By doing so, we hope to make Ignite and Robotics more accessible.

---

## Scholarship Offers

We already provide a few scholarships for members. However, Ignite wants to provide as many future innovators as possible the opportunity to compete and participate in robotics.

---

## Further Expansion

Recently, we've relocated into a 6,000+ sqft space in Bellevue, WA to support our growing student population. We hope to expand our reach into more communities in the greater Seattle area.

---

## Outreach

We aspire to create opportunities for underrepresented groups to explore STEM fields. Events such as GirlPowered and outreach campaigns, supported by you, bring STEM exploration to the source!

---

## An Emerging Youth Robotics Culture

With your support, Ignite can continue to provide the latest, cutting-edge tools, materials, and mentorship for our students to push the boundaries of youth engineering at a scale like no other.

---

## Let's Ignite the Northwest

Thousands of students from all over the world fly out to different states for Signature Events, hoping for a World-Qualifying award. This year, Ignite is hosting one of these events, Ignite the Northwest, hosted at Microsoft CC. This will be the biggest VEX robotics event in Washington State history!

**Ignite Robotics** believes that self-driven, ambitious, and passionate students create a culture and environment that promotes growth, development, and leadership. Your contribution helps us reach our goals.

# BENEFITS PACKAGE

## **GLOW** ..... \$500 OR LESS

- Company Logo placed on Sponsorship Page
  - Company Logo on Organization Merch
  - Company presents Tier 3 Award
- 

## **SPARK** ..... \$500- \$1,999

- All GLOW benefits
  - Given a booth in 1 local event (per year sponsored)
- 

## **EMBER** ..... \$2,000- \$4,999

- All SPARK benefits
  - Local event field dedicated to Company
  - Opportunity to present an award at a local event
  - Given a booth at 2 local events (per year sponsored)
- 

## **TORCH** ..... \$5,000 - \$6,999

- All EMBER benefits
  - Given a booth at all local events during the season
  - Tier 1 Award dedicated to company at local event or Tier 2 award at Signature Event. Company can present the award at the local event.
  - Company Name on all World's Showpieces
- 

## **INFERNO** ..... \$7,000 - \$29,999

- All TORCH benefits
  - Signature Event Field named after Company
  - Opportunity to speak at Signature Event
- 

## **FIREBALL** ..... \$30,000+

- All INFERNO Benefits
- ENTIRE competition named after Company
- Opportunity to present MULTIPLE Tier 1 Awards
